

Antwerp Design Week (ADW) is an annual event in June aimed at industry professionals. It showcases the latest collections from Belgian and international brands, attracting retailers, designers, and architects worldwide. With 50+ brands and 2000+ visitors, ADW offers an immersive experience with venues scattered across the city, highlighting the latest trends in high-end design.

ADW makes navigation easy by organizing brands by location and setting up hubs for multiple brands. We also offer hotel and dining suggestions, transportation options, and a central meeting spot (The Club) for itinerary assistance.

Set in lively Antwerp, known for its architecture, culture, and gastronomy, ADW encourages visitors to explore the city's attractions between show-room visits, including art galleries, museums, and restaurants.

Antwerp Design Week effortlessly blends work and leisure, offering a professional city trip with unforgettable experiences. Come for business, stay for the joy of exploration.

HAY

In 2002, HAY was established as a new kind of design company in Denmark. Motivated by the certainty that good design is everyone's right,

HAY set out to innovate new ways to answer the ever-evolving needs of the modern world — but at a more accessible price point than industry standards.

Co-founders and Creative Directors Mette and Rolf Hay committed to working with their generation's best designers from all over the world to create high-quality products that would be available to a wide audience.

This founding principle has always been HAY's DNA, and it remains at the core of the company's culture today.

KEWLOX

Kewlox, the iconic storage furniture, means a lot to the Belgians. We make customisable items that are renowned for their durability.

Our story began in 1960 in the family garage. Since then, our range of customisable modular furniture has continued to evolve to meet our customers' needs and our commitment to sustainability. Today, all our furniture is still carefully manufactured in our own factory in Belgium, using European raw materials sourced as closely as possible, and is PEFC certified. We sell them on kewlox.com and in our 4 shops. From the living room to the basement and from the bedroom to the office, we have a solution for every room. Our configurator allows you to design your own cabinets, but our strength lies in advising and supporting you personally throughout your project, whether B2C or B2B, right up to assembly if required. Spare parts are sold separately to ensure a long service life.

MADE BY THEUNS

Furniture with a "Magical Edge".

At Theuns, we have been making solid oak furniture for almost 90 years, pieces with a European soil from tree to furniture...

As a Belgian family owned company, we are one of the top manufacturers of Europe. We only work with the best suppliers, who are certified to only harvest forests in an ecologically responsible manner.

These certificates guarantee that our wood has a legal and sustainable origin, which is essential for the preservation of forests. When making our furniture, every little detail is taken care of according to the customer's wishes. Whether it is one piece of furniture or several pieces, they all receive equal attention and are made according to the customer's expectations.

Made by Theuns means high quality and personalised oak furniture. We ensure that each furniture piece is finished to your taste so that it becomes a unique designer piece.

OMAR ANTWERP

Antwerp-based agency OMAR Antwerp was created out of a pure fascination for fabrics. The comfort of a favourite piece of clothing, translated in the world of cushions and throws for your home.

OMAR Antwerp's philosophy has been, and continues to be, written by you and us. Kind of quiet, a discreet elegance. Never blatant, always inviting. Embracing, though never stifling. Dieter and Tony (aka 'Prince Omar') blend 2 worlds together into 1 vision of life. 'Naturally' pretty, sometimes rugged, sometimes soft and yet always genuine.

OMAR Antwerp patiently awaits your discovery.

UNIK

Unik Antwerp's philosophy is that every culinary experience elevates itself into a dialogue where taste and aesthetics meet. This has led the brand to go back to the roots of ceramics and seek out durable collaborations with creatives, both in and outside the culinary world, who remain authentic and true to their craft. These creators distinguish themselves by curating their own unique puzzle, without compromising their signature style. This recognisability creates an environment that reflects the consumer's individual style and identity. That is how Unik Antwerp, through carefully designed tableware collections, strives to lift the culinary experience to a higher level.

ROYAL BOTANIA

Royal Botania designs and produces iconic, luxury outdoor furniture, parasols, lighting and planters, for discerning clientele. Sleek, striking collections, both stylish and sustainable, for patios, poolsides, gardens and homes, using only the highest quality materials combined with top craftsmanship. Each Royal Botania design is based on three key elements: aesthetics, ergonomics, and engineering. They determine the DNA of every single concept of our trendsetting design. Blending these ingredients together, while fine-tuning their balance, is our basic recipe to produce the best in outdoor furniture design. With this formula and an eye for detail, the in-house design team, led by founder Kris Van Puyvelde, has earned international appreciation, and won multiple design awards on both sides of the Atlantic.

Extending the ultimate outdoor experience for the contract and residential markets is one of our specialties.

Our DOME and DISC collection are real eye-catchers, not only providing you with a warm glowing light, but also give you that extra bit of warmth on a chilly day or evening.

Our BEEM collection offer you unique solutions for open or covered areas. They provide a combination of lighting, heating and misting with lengths up to 5.2 meters. Providing needed shade is what our LEAF collection does best – supplying protection from the sun and rain, it can heat, cool and enlighten you with undeniable style.

Are you looking for a modular and flexible solution for your project, your pergola or terrace, we present you the GLOW and the TWIG collection, unique heating and lighting solutions to extend all your great moments.

SERAX

RUDOLPH BY VINCENT VAN DUYSSEN

Serax is a Belgian design brand, creating contemporary homeware based on collaborations with renowned (inter)national designers and craftsmanship.

Designed in Europe, manufactured all over the world.

The interior of a home reflects the personality of its residents. That is why Serax only develops exceptional objects that contribute to the creation of a unique living environment. All collections – from tableware, glassware and accessories to furniture and lighting – were imagined by both established designers and new talent, who have a strong vision and an original signature in common. Their designs are manufactured by skilled craftsmen in different regions of the world, with whom Serax has a longstanding relationship built on mutual respect.

Serax' collections are unique for their design and materiality, while never losing sight of the core philosophy of accessibility, quality and functionality.

D&M

D&M is a Belgian company founded in 1992, which gives us solid expertise in textures, techniques and materials for our designs. Today, we are at the forefront of trends and developments in the industry and are also constantly seeking sustainable materials and production processes. From photography to design to boutique styling, our young creative team puts its very own D&M stamp on all our collections. Inspiring. That is what we have been doing since the start of D&M. We focus strongly on design. We develop our flower and plant pots, which form the heart of our brand, with the greatest care, in all sizes, shapes and colours. Today, the D&M range - for indoor and outdoor use - comprises more than 1,500 high-quality products. Thanks to our special focus on innovation in material, design and durability, we are able to offer new decorative items with a unique and timeless character every season. Future-oriented thinking and innovation have been our strengths for more than 30 years. We design new products in our own workshop. D&M is always looking for innovative but sustainable materials. We invest heavily in new ecological materials such as recycled ceramics, recycled plastic and paper clay.

JOLI

For over 25 years now, a versatile team of Belgian top designers have put Joli on the map. With 100% Belgian design, timeless concepts, and a refreshing view on furniture. We're blurring the lines between indoor and outdoor design, combining convenience, comfort and strong esthetics. Indestructible ceramics, stainless steel and lacquered aluminium are the Joli pledge to make your memories and furniture last. Today, tomorrow, and far beyond.

Our ceramic tabletops open a new world of endless design possibilities. This unique approach gets an exciting follow-up in our range of chairs, loungers, cabinets, and accessories. With durable quality and timeless design as common denominator.

ETHNICRAFT

Established in Antwerp more than 25 years ago, Ethnicraft quickly found its identity. Our collections go back to the essence of what we believe is good design: pieces full of character, made from quality materials that age beautifully. Today we continue to broaden our creative palette, developing and extending a collection that remains true to our character. Centred around aspects of quality and warm materials, alongside form and function, we create collections for every room or space: from the furniture that defines the purpose of an area, to the accessories that layer it with meaning.

Our company's headquarters are situated in Boom, Antwerp and feature a 1200 sqm showroom showcasing collections from the Ethnicraft Group's brands. Open to professionals only, the showroom welcomes retailers and distributors from all over the world, as well as architects in search of inspiration.

LIMITED EDITION

Since the early 90s, Limited Edition has been devoted to creating luxurious, custom-made rugs for the residential and commercial market. With more than 30 years of experience on the clock, the company has grown to be a frontrunner in its field and an international player with over 200 employees. Although being active on the global market, Limited Edition still manages to stay 100% designed and produced in Belgium.

This local and personal approach is held in high esteem by founder Katia Dewitte and her husband Philippe Hanet. More so, sustainability and innovation are also key values in the company's identity.

We strive to work with sustainable and recycled materials, make use of renewable energy and try to reduce our carbon footprint as much as possible. We believe that style goes hand in hand with sustainability.

We are endlessly inspired by the past and its nostalgic good vibes. When designing this collection, we really went back in time and started looking around carefully. We developed a soft spot for vintage finds, ultra-retro styles and funky objects. It became a collection for 70s lovers with the courage to go all the way and get excited about interiors that truly make a statement.

Convenience

As an organization, our aim is seamless coordination: from booking hotels to arranging transportation, navigating between showrooms, to planning your trip. Explore the array of services we've curated to ensure your professional city trip unfolds effortlessly.

TRANSPORT

Considering transportation options? If you're planning to explore districts North, East, South, or West, bringing your car or renting one (*) would be convenient, as parking is readily available in front of showrooms. However, in bustling downtown areas, we suggest opting for a Velo bike (**) for easier maneuverability. Leave your car at the hotel or a nearby garage for hassle-free exploration.

If you prefer not to drive yourself, we provide complimentary pre-booked shuttles and on-demand taxi services. Simply visit 'The Club' for assistance in arranging your transportation, or utilize our user-friendly website or mobile app to book your preferred mode of transport.

(*) Discover our partnership with Hertz to get lowered prices on rental cars.

(**) Pick up your free vouchers for Velo-bikes at 'The Club'

NAVIGATION

Discover the 5 districts: Downtown, North, East, South, and West.

Locate districts on our map and find brand details on our website or app. For smooth visits, we recommend exploring one district at a time. Use our mobile app as your tour guide and simply find all locations on 1 map or per district.

HUBS

Antwerp Design Week revolves around the HUBS, locations where brands with headquarters in and around Antwerp generously host other brands that may not have a presence in the city. This unique setup fosters a dynamic exchange of diverse design ideas. Visitors have the opportunity to connect with a variety of brands, build meaningful connections, and explore potential collaborations.

ACCOMMODATION

Make the most of your stay in Antwerp with exclusive discounts at our partner hotels listed on page X. To secure your preferred accommodation, we recommend booking in advance. Simply use the discount **code ANT-ADW2024** when booking through our partner's website.

MOBILE APP

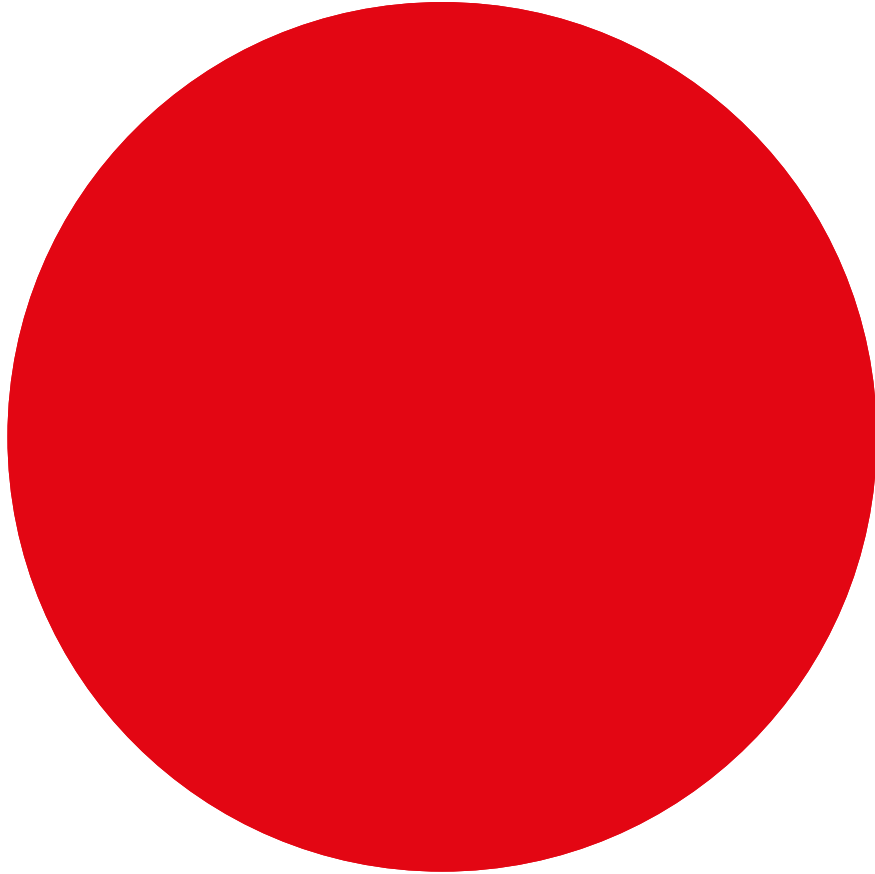

Remember to download our app onto your Android or iPhone. This is your ultimate tool for seamless navigation, featuring a comprehensive list of participating design brands and integrated map with navigation. Making your experience as convenient as possible.

THE CLUB

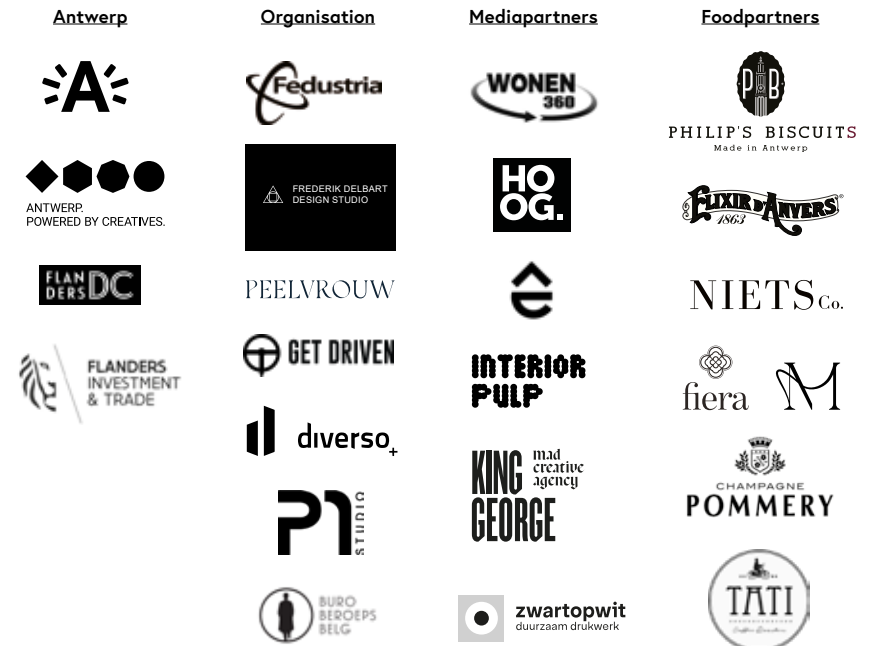

The Club, powered by Fedustria, is the heart of Antwerp Design Week. Situated in "Het Steen," it's your ideal starting point or rest stop. Explore showcased items from all participating brands. Need help navigating? Our ADW team is on hand.

Open 9 am to 7 pm for networking, free coffee and bites, events, and more.

4 ADW powered by

We are immensely proud to introduce our esteemed sponsors, whose support is invaluable in making Antwerp Design Week a resounding success. With their partnership, we can expand and enhance the event, offering visitors an even more compelling experience.
